

Disaster Assistance Needed

Due to recent widespread hurricane damage in Texas, CASP is asking how many projects each church group could commit to over the next 3 springs.

In order to estimate our availability, we are asking for any young brethren 18-25 years of age who might consider participating in a one month CASP project in Texas, to let one of the following Service Committee brethren know by Monday, September 11, 2017.

Ken Hopkins John Fall Larry Bower Everett Wray David Benedict Arlan Wolf

This is not a commitment, but only an estimate of possible willingness. If you ***think*** you might consider a project please make it known which of the following time periods it might suit, so we can respond to CASP by Tuesday September 12:

SPRING 2018	SPRING 2019	SPRING 2020
-------------	-------------	-------------
