## 2018 Winter Project – Charleston, SC

### Charleston, SC Area

#### HURRICANE IRMA...

Three years, three disasters! In 2015 the area was hit by torrential rainfall and flooding. 2016, Hurricane Matthew brought more flooding, high winds, and tornadoes. Then came Irma in 2017. While it didn't get the fan-fare and publicity of Texas or Florida, Irma brought Charleston and the surrounding areas the second highest storm surge in 80 years. (Nearly 10 feet!).

There are a lot of families impacted by the storms. Please consider being a blessing to others by donating!

### Project Information
